

## **Safety Procedures for Crab Island Destination Tours, LLC**

- Everyone MUST remain seated while the boat motor is on and in gear. NO EXCEPTION!
- Do NOT enter the water until the boat has stopped, engine is turned off, and the boat is anchored.
- Anyone under the age of 7yrs old must wear a Coast Guard approved life vest while the boat is moving under power. Life vests are provided to all customers. They are located under the front right seat in front of helm.
- No smoking aboard vessel.
- No glass beverages. Plastic or Cans only.
- No Diving or Jumping from boat into water. Ladder is located in the rear of boat with handrails to enter/exit the water.
- In the event of an emergency, a handheld VHF radio is onboard to alert authorities of the situation.
- Captain is certified in CPR incase an emergency arises.
- Onboard First Aid Kit is available.

- In case of a fire, the boat has (1) class ABC fire extinguisher. Located behind the Captain's chair.
- If inclement weather approaches us without notice we will seek shelter at the nearest beach/boat landing and stay together as a group.

\*Procedures are announced at the boat dock before leaving.
